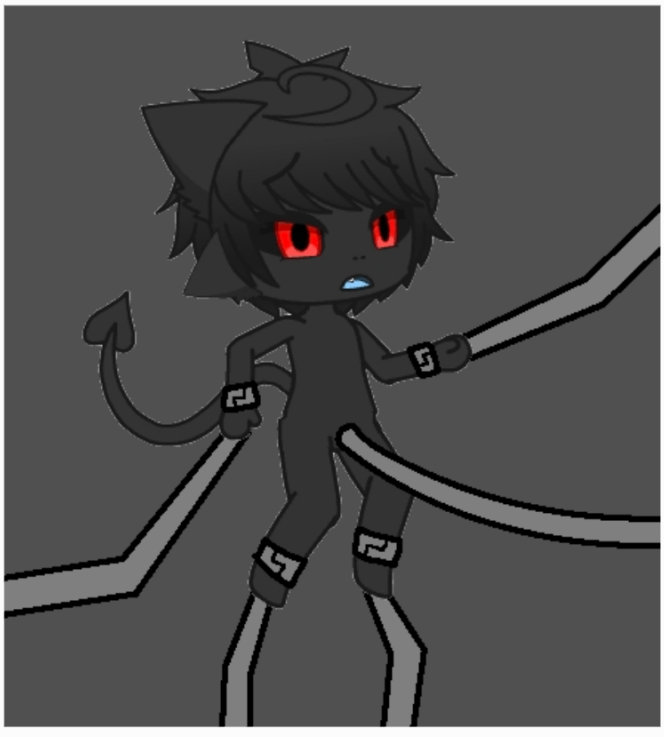
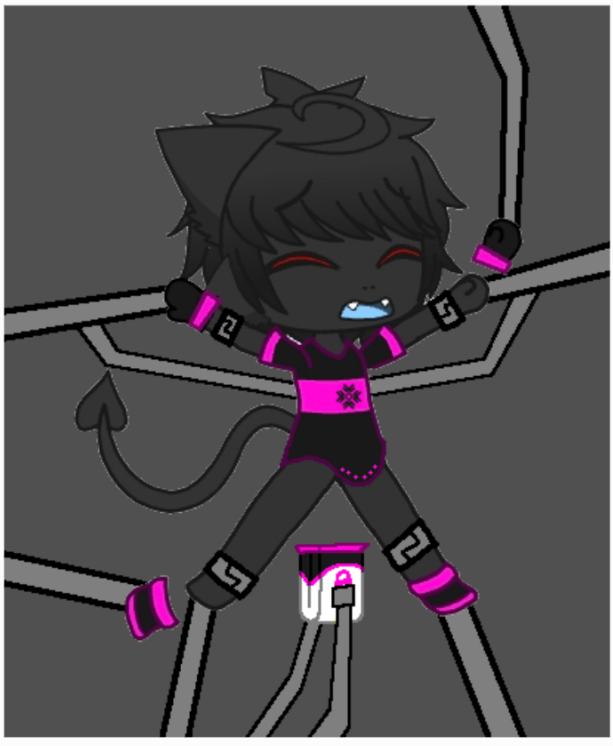
Omaiota was 6 years old and wild, until he saw this: a box that has a hole to walk in. Then, it was a trap. (Part 1)



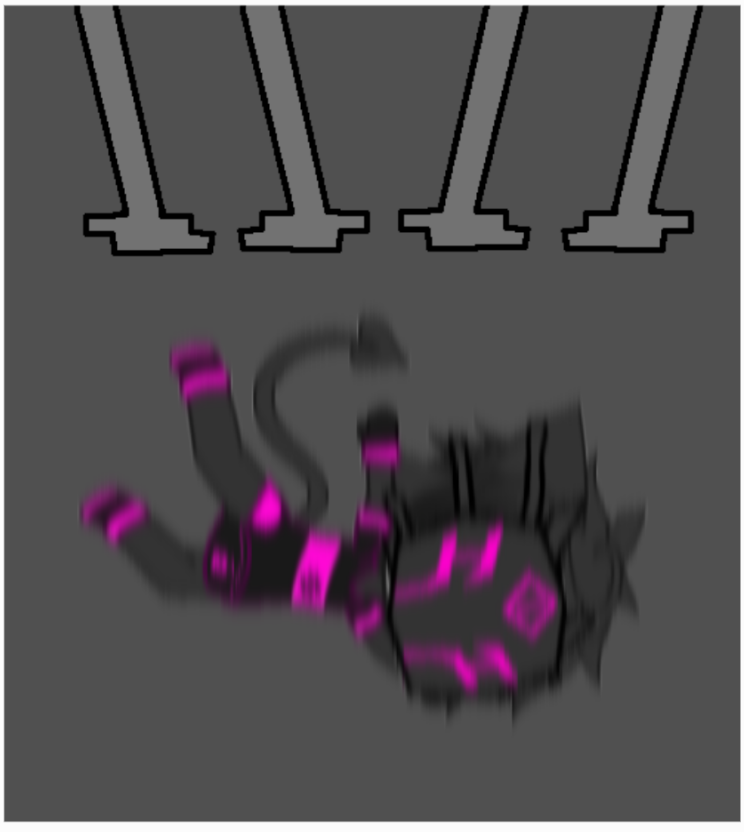
Omaiota is restrained by mechanical arms and the tube at his cock is getting a vibrating controlled chastity cage. (Part 2)



Omaiota is screaming and crying for help while being restrained and about to be diapered. The machines In this room putting a onesie, mittens and a lock vibrating diaper. (Part 3)

After they put a mittens and a lock vibrating diaper, they going to put a grunt mask with pacifier glued behind to his face, so he can be gagged. (Part 4)

After putting a mask that will shut him up, the outfit imprisonment is done. (Part 5)



Omaiota was dropped by an mechanical arms, so the guardian can play with him (by vibrating his diaper), feed him (by making him drink milk with laxatives), and put it to sleep (by restraining him in the crib and sleep hypnosis). (Part 6)

Here's Omaiota in the bed while vibrating lock diaper until he cums, plus: he has some items like the diaper right next to him, the pillow, and the diapered plush right next to him. (Part 7)
